KEEPING VOW GREAT NECESSITY, SAYS REV. J. E. BROWN

EVANGELIST HAS NO USE FOR PERSON WHO GIVES WORD AND THEN BREAKS IT

SUNDAY PROGRAM

11:00 a. m.—Mass Meetings of Churches. Subject: "Influence."
2:30 p. m.—Center Section is Reserved for Men. Subject: "Cain's Wife."
6:30 p. m.—Mass Meeting for Young People. Evangelist Otis D. Frommenger, Speaker.
7:30 p. m.—Great Union Meeting for All. The Subject: "Crooked Paths."

Contrary to his usual custom, Evangelist John E. Brown changed his subject last night and instead of speaking on the subject announced, "Thy Brother's Keeper," chose instead, "Demas, the Deserter."

Demas was a fellow worker of the great apostle, Paul. He had received honorable mention. But in an hour of temptation had yielded and deserted his fellow apostle and the great work to which he had been called.

Commenting upon this unfortunate character of New Testament history and applying the important lesson to present day conditions the evangelist delivered the most impressive address in the present series of meetings. He said in part:

"The scripture which I have just read from the pen of that most zealous apostle, St. Paul, furnishes a striking contrast. Speaking of his faithfulness, determination and expectancy he writes: 'I have fought a good fight; I have finished my course; I have kept the faith, henceforth there is laid up for me a crown of righteousness which the Lord, the righteous judge, shall give me at that day; and not to me only, but unto all them also that love His appearance.'"

Jeannette Whitler Is Better From Mumps

Little Jeannette Whitler, 6-year-old daughter of Mr. and Mrs. J. A. Whitler of 1009 East Lomita avenue, is recovering from a severe case of mumps. She seems to have been a particularly easy mark for heartless disease germs this spring, as she has been confined during the past month with chicken-pox, measles and mumps.

Constant Tasting Of Sugar Causes Death Of Wealthy Refiner

Dying a martyr to the industry in which he was a prominent factor, David A. W. Aitchison of Vancouver, B. C., wealthy sugar refiner, passed away at the Burbank hospital April 19 at the age of 59 years. His son, S. P. Aitchison, arrived in Glendale this morning to accompany the body back to Vancouver where interment will be made.

It is stated that Mr. Aitchison died from an organic disease prevalent among drinkers of alcoholic beverages and while he had never been a drinking man, the constant tasting of sugar during his refining process had a similar effect on his liver.

The Independent Order of Odd Fellows, of which he was a prominent member in Spokane, wired to Pulliam & Kiefer, undertakers here, to make all of the arrangements and extend every courtesy to the younger Mr. Aitchison on his sad mission.

The deceased was born in England in 1861 and upon coming to this country actively engaged in the infant industry then of refining beets into sugar. He came to southern California three months ago and entered the Burbank hospital about ten days ago.

Horace M. Grow Here To Visit Relatives

Horace M. Grow, an osteopathic student of the Los Angeles college, spent Thursday visiting friends and relatives in Glendale. Mr. Grow is a sophomore this year and upon his graduation two years hence will be the fourth osteopathic physician of his family.

Local Folk To Attend Annual Junior Dance

The Misses Margaret Crawford and Lillian Shick of South Central avenue and Roy Sealover, also of this city, will be guests at the annual junior dance of the Harvard Military academy in Los Angeles tonight. They will be special guests of Mark Bradley, who is a member of the Junior class of that institution.

Mr. and Mrs. C. A. Biggs Are Hosts To Visitor

Robert L. Rough of Los Angeles was a visitor the first part of the week of Mr. and Mrs. C. A. Biggs of South Cedar street. Mr. Biggs and Mr. Rough were pals in the navy, having been stationed together at New Orleans during the latter part of the war.

Mrs. H. L. Hock Has Visit From Friends

Mrs. H. L. Hock of 612 East Orange Grove avenue entertained several Los Angeles friends at her home yesterday.

Today's World News In Brief

(By United Press to Glendale Evening News)

ONE OF VOLUNTEERS WHO CLOSED GAS TANK IS DEAD

BOUND BROOK, N. J., April 23.—Earl Fullam, one of the volunteers who closed the leak in the phosgene gas tank here, is dead today from congestion of the lungs. Four others are in a serious condition. Scores of residents are recovering from the effects of being slightly "gassed."

JAPAN ADVISORY COUNCIL CONSIDERING YAP QUESTION

TOKIO, April 22.—The diplomatic advisory council considered the Yap controversy at a meeting today. The newspaper Yorodzu claimed it was reliably informed that it had been decided Japan would act only in concert with the European allies in the matter.

NEW GERMAN PROPOSALS TO BE DISPATCHED HARDING

BERLIN, April 23.—New German reparations proposals will be despatched to President Harding for transmission to the allies, immediately after meeting of the cabinet which began shortly before noon here today, according to reliable information. These proposals, it was understood, include an increase in the cash payments offered, a better plan for reconstruction in France and some form of international credit.

NEW YORK MARKET SHOWS GOOD TONE AT OPENING

NEW YORK, April 23.—Buoyancy was manifested in trading on the New York stock exchange in today's short session. At the opening, the market showed a good tone. Asphalt was the future among specialties, being up 5-8 at 69½. The stock later reacted a point. Mexican Petroleum, up 1¼ at 149¼, later ran up to 150. Steel common gained ¾ to 62½. Crucible was unaffected at 78 3-8. Baldwin in early sales ranged above 87. Rails were dormant.

HAYWOOD SAID TO BE DIRECTING RUSS PROPAGANDA

CHICAGO, April 23.—"Big Bill" Haywood, I. W. W. leader under sentence of twenty years in Fort Leavenworth, is propaganda director of the Russian soviets, District Attorney Clynne said he was reliably informed today. Clynne, who refused to divulge the source of his information, said that Haywood went to Russia at the invitation and solicitation of Lenin and Trotsky, dictators of Russia. A representative of the Russian rulers came to the United States to secure Haywood's services, Clynne said.

DETAILS OF ALLIED OCCUPATION TO BE DISCUSSED

LONDON, April 23.—Details of the proposed allied occupation of the Ruhr district will be discussed tomorrow at the conference of Premiers Lloyd George and Briand. There was every indication today that no final determination would be reached until Germany's new reparations proposals are received through America. The feeling prevailed in official circles here that the new proposals would be of such character as to warrant consideration, in view of the conciliatory attitude adopted in Berlin. Lloyd George was to meet Briand at Dover shortly after 2 o'clock this afternoon. They were then to motor to the residence of Sir Philip Sassoon at Lympne, near Hythe.

DEPARTMENT OF AGRICULTURE PROGRAM IS ADOPTED

SACRAMENTO, April 23.—The last of the governor's reorganization bills was passed by the senate last night when the upper house adopted the new department of agriculture program after rejecting proposals to eliminate the bureau of weights and measures from the department. The Breed bill appropriating \$370,000 for the University of California was adopted. The senate also passed the Burnett bill eliminating professional jurors from service in Los Angeles and San Francisco. The Boggs bill giving the county purchasing agent power to purchase for district schools, was passed while the Eden measure making county superintendents of schools appointive was defeated. The Boggs bill establishing a normal school at Stockton was adopted. Two measures, one calling for investigation of the feasibility of building a bridge from San Francisco to Oakland, another for investigation of the feasibility of building a bridge between San Francisco and Marin county were passed.

MRS. C. L. MARLENEE HOSTESS TO CLUB MUSIC SECTION

FEDERATION OFFICERS GUESTS OF AFTERNOON; PLEASING PROGRAM IS GIVEN

The music section of the Tuesday Afternoon club met yesterday at the home of the curator, Mrs. Charles L. Marlenee, of 301 South Central avenue, who was assisted in entertaining by Mrs. Colin Cable. Federation officers were the guests of the afternoon.

Mrs. Cecil Frankel, president of the California Federation Music clubs, gave a very pleasing address. C. W. Cadman, chairman of education, was in New York City and not able to attend the meeting. In his honor the Nevin quintette sang one of his compositions.

A short business meeting, during which it was voted that the section would give some kind of a program during Music Week, which will be the last week in May, preceded the program, which was opened with a selection by the Nevin quintette, which consists of Mrs. Charles Parker, Mrs. A. M. Draper, Mrs. Frank Arnold, Mrs. Helen Graham Cole and Mrs. Leon Hagood at the piano. The selection rendered was "The Flower Fete" (Cadman). They responded to the encore by singing "The Rosary" (Nevin).

Various Numbers Please

Mrs. Leroy Bosserman gave a very lovely interpretation of Godard's "Barcarolle." She responded to the encore by giving one of her own compositions, "The Elf's Dance."

Mrs. Alexander Montgomery gave two very delightful readings "Out Under the Stars" and "The Mocking Bird," accompanied by Mrs. Pendleton at the piano.

Mrs. Hagood charmed the members and guests by her interpretation of Chopin's "Ab Polonaise." She responded to the encore with Grieg's "Patilidon."

The program was closed by the quintette singing "Narcissus" (Nevin) and "The Two Clocks" (Rogers).

Sixty guests and members enjoyed yesterday afternoon's program, at the close of which refreshments were served.

E. W. Kinney, Resident Here 12 Years, Dead

E. W. Kinney passed away at 6 o'clock this morning at his residence, 123 West Elk avenue, aged 60 years. He was a resident of Glendale for twelve years and a native son of California. Mr. Kinney for some time has been connected with the Los Angeles Gas & Electric company. He leaves a widow, Anna Kinney, and a daughter, Mrs. Albert Leighton.

Funeral services will be held on Monday morning at the parlors of Broese Bros., in Los Angeles, with interment in the Home of Peace cemetery.

Miss Charlotte Hawkensen, In Costume Made Out Of Copies Of Evening News, Scores Hit

Good Girl, Good Paper and Good Dress Win Applause

Imported paper dresses have not proved popular, but one of the most unique and attractive costumes worn yesterday at the Glendale Union high School Jinks day was that of Miss Charlotte Hawkensen of 327 Ethel street.

The Glendale Evening News, a dozen copies or more, was used instead of cloth. One copy having the picture of The Glendale Evening News office in the foreground was used for a little Dutch cap and at the front of the blouse was Roberts & Echols' Jinks day advertisement.

The blouse was tied at the back with a huge newspaper bow and the entirety of the pleated skirt also was made from several editions of The Glendale Evening News. At the bottom of the skirt is to be seen the headline, "Prosperity Is Here. Glendale Will Celebrate."

Mrs. Robert R. Hawkensen, mother of Miss Charlotte, and her father, who is a tailor by profession, spent many hours in sewing the heavy paper which is used in the production of The Glendale Evening News.

"It was quite some task," said Mrs. Hawkensen, "but it proved the feasibility of durable paper dresses, especially when made from such a good paper as The Glendale Evening News."

Emma Laura Cooper Hostess To Friends

The home of Mr. and Mrs. C. C. Cooper of 302 North Central avenue was the scene of great jollification last night when their daughter, Emma Laura Cooper, assisted by Catherine Guthrie and Mildred Thompson, entertained a group of forty of their high school girl and boy friends at a Jinks Day party. Outdoor and indoor games were enjoyed, after which refreshments were served.

Mrs. O. S. Palmer At Meeting In Pasadena

Mrs. O. S. Palmer of 1008 East Colorado boulevard spent yesterday in Pasadena where she is one of the Glendale delegates to the annual Woman's Christian Temperance Union convention being held in that city.

Mrs. Lydia A. Benbow, Age 60, Is Summoned

Mrs. Lydia A. Benbow passed away April 23, aged 60 years. Deceased has been a resident of Glendale, for several months. She leaves two sons, Richard L. Benbow and Wilmont Benbow of Glendale, and three daughters, Daisy Cornwall of Turlock, California, Ethel Chaple of 104 North Everett street and Myrtle Turner of Detroit. Mrs. Benbow was a member of the Seventh-day Adventist church.

Funeral arrangements are awaiting the arrival of a brother and her daughter, Myrtle Turner, from Detroit. The Jewel City Undertaking company is in charge.

JOHN P. YOUNG IS DEAD

SAN FRANCISCO, April 23.—John P. Young, for forty-three years managing editor of the San Francisco Chronicle, died here early today from paralysis. He had been ill since April 13. Young was aged 70.

HAVE YOU HEARD OF THE SHALLOW OIL FIELDS AT CONEJO NEAR CAMARILLO VENTURA COUNTY?

Over 40 wells producing commercial oil at a depth of from 62 to 200 feet.
Shallow wells are easily drilled at a small cost anywhere—from \$700 to \$1200 each.
The average production from these wells is around 30 barrels a day.
You would like to make money in the oil business.
Here is your opportunity to secure an interest in a 36-acre oil lease at Conejo, the oil it produces and the profits obtained from production.
Your money is deposited in the bank and cannot be used until a commercial well has been drilled and is producing ten barrels or over per day.
You are therefore guaranteed a commercial well or your money refunded in 60 days without interest.
Let me furnish you the facts to-day for these interests are being taken up rapidly.
No obligation on your part. Let us hear from you by mail or phone.

Mrs. Esther Hurt, wife of Dr. Wil-
bur T. Hurt, visited Glendale yester-
day afternoon. Mrs. Hurt is a stu-
dent at the College of Osteopathic
Physicians and Surgeons in Los An-
geles, from which institution she will
graduate in June of this year.

Locals And Personals

Miss Elsie Hunt of Pasadena is
the week-end guest of Mrs. Claude
Caswell of 230 North Central avenue.

Mrs. Thomas McGuire of 544 West
Lexington Drive has returned from a
two weeks' visit at Murieta Hot
Springs.

Mrs. F. G. Hall of 1201 Viola
street had as a guest for several days
recently Miss Edna Blanchard of
Santa Paula.

Mrs. F. G. Hall and daughter Eliz-
abeth Hall of 1201 Viola street at-
tended the Kubeltk concert in Los
Angeles today.

Mr. and Mrs. George C. Hastings
of 319 West Lexington had as dinner
guests last night Mr. and Mrs. El-
dridge of Hartford, Connecticut.

Mr. and Mrs. F. B. Vail of 624
East Elk avenue will have as their
week-end guests Mrs. R. Melnotte
and daughter, Mrs. Ruth Allen, both
of Long Beach.

Mrs. J. L. Gray of 533 North Isal-
bel street, who for the past two
months has been visiting near Santa
Barbara, will return home Monday,
accompanied by her daughter Sallie.

Mrs. William White of Crawfords-
ville, Indiana, who has been spend-
ing the winter with her sister, Mrs.
F. B. Gonzales, of 412 North Louise
street, leaves Tuesday for her home
in the east.

An 8½-pound baby boy, which has
been named Roger Vincent, was born
to Mr. and Mrs. R. W. Jessup of
5430 Phyllis avenue, Los Angeles, at
the Glendale Sanitarium and Hospi-
tal the early part of the week.

Mr. and Mrs. A. L. Baird and Ma-
jor and Mrs. Monroe McKillop will
motor to San Diego for the week-
end. Mr. Baird is manager of the
R. L. Kent company real estate de-
partment, and Major McKillop is the
guest at his home.

Mrs. Clark Christy, who has been
visiting several days with her
mother, Mrs. C. P. Brice, of 304
North Kenwood street, has returned
to her home in Downey. She was ac-
companied home by her sister, Miss
Leone Brice, who will spend several
days with her.

A party of Glendale Elks and their
ladies who attended the dance given
by the Pasadena Elks' drill team at
Hotel Green Thursday night included
Mr. and Mrs. John H. Fanset, Mr.
and Mrs. R. D. Angelica, Mr. and
Mrs. Jack West, Mr. and Mrs. Bert
Ward, Mr. and Mrs. Ed Wolbach,
Mr. and Mrs. James Appfel, Mr. and
Mrs. Arthur Dibbern, Mr. and Mrs.
Walter Jones, Miss Anna Morgan and
Mr. Adams.

Los Angeles and Glendale Phones

Locals And Personals

Mrs. Alice Neal of Bakersfield is
the week-end guest of her niece,
Mrs. E. C. Tripp of 204 South Orange
street.

The American Legion band will give
a concert at the Elks' clubhouse on
Monday night between 7 and 8
o'clock. It has been entered as Glen-
dale's official band at the Elks na-
tional convention in Los Angeles this
summer.

Peter Binone, a resident of Bur-
bank, reported to the city marshal
there yesterday that he struck a small
daughter of T. Nitter, a Japanese
rancher, with his motorcar, which he
was driving along San Fernando road
near the Glendale city pumping plant.
The little girl's right leg was broken.

Andrew P. Findlay of 506 East
Harvard street, and R. H. Brown of
612 South Pacific avenue will ac-
company 100 of the Southern Cal-
ifornia Edison men who are motoring
to Porterville today to confer the
third degree of Masonry upon two
of the Edison boys there. The em-
ployees of the northern section are
going to meet them at San Bernar-
dino.

Mrs. C. L. Marlenee of 301 South
Central avenue, curator of the mu-
sic section of the Tuesday Afternoon
club, attended the Thursday Morning
Music club of Eagle Rock Thursday
of this week. Luncheon was en-
joyed under the trees at the top of
the hill at the head of Ellendale
Drive. A beautiful program of
choruses was given. Invitations had
been sent out to all music club pres-
idents to attend.

Demand For Dodge Car Very Strong Locally

Dodge deliveries are speeding
along at the rate of one a day in the
local territory, according to George
E. Clayton, valley representative who
has salesrooms both in Glendale and
Burbank. His local salesroom is at
145 South Brand.

The popularity of the Dodge mo-
torcar has caused some to wait for
their new machines, so it is advisa-
ble to order early, is the warning Mr.
Clayton holds forth for those who
would enjoy the pleasures of the
open road this spring and summer
season.

E. B. Sutton Declares Business Is Excellent

E. B. Sutton of the Glendale Nash
Sales reports that business is hold-
ing up excellently. In explaining
what Nash service means, he stated
that it is the policy of the southern
California distributor to spend thou-
sands of dollars in maintaining the
efficiency of the cars sold rather
than putting it into other lines of
activity.

"Satisfied customers are our best
boosters," says Mr. Sutton who is
maintaining the same shop service
locally to attend to Nash owners' needs.

PALACE GRAND HAS NEW STATE LEADER THOMAS MEIGHAN FOR FEATURE OF P. E. O. GUEST AT GATHERING

PARAMOUNT PICTURE IS BEING
SHOWN TODAY; COMEDY IS
ALSO UPON PROGRAM

The good luck star, Thomas Meighan, has another good luck vehicle in "The Easy Road," his latest Paramount picture which is presented at the Palace Grand theatre today only. The picture fairly bristles with action and it may safely be assumed one of the best in which this virile screen star has appeared in several months.

The story deals with a novelist who makes a wealthy marriage and, finding himself on Easy street, his ambition wanes and he develops into a drone. His wife quits him and he sinks into the depths, but is finally regenerated after a series of interesting events.

Gives Capable Support

Gladys George, a beautiful and talented actress, is the leading woman and heads a capable supporting cast. The picture was directed by Tom Forman, who is well-known in Glendale as one of George Melford's proteges.

There is a comedy on today's bill also. Then tomorrow comes Douglas Fairbanks in "The Nut," his latest triumph, that will undoubtedly crowd the Palace Grand not only Sunday but Monday and Tuesday as well. What needs be said about "Doug" for he's always good and this time better, it is said.

Many Glendale People Present At Gathering

The Friday session of the W. C. T. U. convention at Pasadena was attended by a large number of Glendale members. The subject "And I will put my law in their inward parts and will write them on the hearts" was very noticeable in the departmental superintendent reports on legislation, peace and arbitration, flower mission, temperance and missions and temperance and labor. All reports showed good work done.

A pleasant feature of the morning was the musical numbers given by the official board, a sextette of splendid voices. The election resulted in all the officers being re-elected, with the exception of the treasurer, Mrs. Sheldon, who would not consent to re-election, and was succeeded by Mrs. Iola Hatch of Long Beach. The afternoon session, "Inasmuch As Ye Hath Done It Unto the Least of These," brought the reports of the humanitarian side of the work of the union, giving the friendly hand to the Soldiers' and Sailors' Home at San Diego, Southern California W. C. T. U. at Highland Park, The Frances Willard Home for Girls at the W. C. T. U. Temple, work among colored people, work among railroad employees, evangelistic. The address by Mrs. Kara Smart Rood on "Juvenile Delinquency" was well received.

Mr. and Mrs. Malcolm Back After 20 Years

Mr. and Mrs. William Malcolm have returned to Glendale to reside after an absence of twenty years. In the early part of this century Mr. Malcolm was principal of Tropico grammar school, moving from here to Alhambra which at that time was considered in a class with Glendale. Formerly he had been a professor of agriculture for twenty years. As time passed Mr. Malcolm became interested in chicken ranching and owned a place at Zelzah in the San Fernando valley to which he retired from school work. But the lure of the Tropico foothills brought him and his wife to within a block of their old home here when he traded the ranch for John Kirkham's home at 210 West Palmer avenue.

E. V. Jellison And H. H. Kinner In Garage

E. V. Jellison and H. H. Kinner have engaged in the garage business at 1006 South Brand boulevard. In addition to a general garage and repair service this new firm will carry a complete line of tires and tubes, rims and rim parts and other accessories at wholesale and retail for all makes of cars. Both men are known for their ability in the motor overhauling work and they plan to be busy, not only in the daytime but evenings, Sundays and holidays.

Mrs. Jesse Joseph Is Back From Beach Visit

Mrs. Jesse Joseph of 201 West Lexington Drive will return today after spending several days at Long Beach. While there she attended many of the social affairs given in connection with the Knights Templar convention, which has been held in that city.

MRS. LOLA BENNETT AT HOME
OF MRS. EFFIE PRESTON,
AT CHAPTER SESSION

The regular all-day meeting of Chapter BA, P. E. O., was held yesterday at the home of Mrs. Effie Preston, 330 North Jackson street. Mrs. Preston was assisted as hostess by Mrs. Ida Noble and Mrs. Bertha Dadds.

Yesterday was a red letter day, as these hostesses had invited Chapter CJ, the baby chapter of Glendale, to be with them, also Mrs. Lola Bennett, the new state president. Mrs. Tanner of Oklahoma was another guest.

The regular business meeting was conducted by the president, Mrs. Madeline Kelley. A splendid report of the recent convention at Burbank was given by the president and the other delegate, Mrs. Kate Parker.

Makes Clever Response

Mrs. Bennett was called upon for some remarks and responded in a most charming manner, closing with a little verse she had written purposely for Chapter BA. Members of Chapter CJ gave several short but delightful talks.

Mrs. Beryl Cross, the past president of BA was the recipient of a beautiful bouquet of irises and yellow marguerites presented her by Mrs. Madeline Kelley as a token of the appreciation of her splendid work as leader of the model meeting given at the convention.

Mrs. Bennett also was presented with a most exquisite bunch of red roses and white sweet peas. This was also the gift of Mrs. Kelley and was presented with a beautiful little thought of love and good wishes for Mrs. Bennett's future as state president.

Following this a delicious luncheon was served on the porch. In the afternoon a splendid review of Galsworthy's book, "The Saints Progress," was given by Mrs. Kate Williams.

Mrs. T. A. Nichols Is Entertaining Sister

Mrs. T. A. Nichols of 910 East Elk avenue is entertaining at her home this week her sister, Mrs. C. E. Potter of San Diego. Mrs. Potter is a former pioneer of Glendale, having lived on South Everett street a number of years ago.

Mrs. M. Morehouse To Greet Eastern Friends

Mrs. M. Morehouse of 1000 East Lomita is recovering at her home from an attack of la grippe which she contracted last week. Mrs. Morehouse is expecting a visit from eastern friends within the next few days.

Why "Laundered" Shirts Last so Much Longer

No doubt you have often wondered why a laundered shirt wears so much longer; why it keeps so crisply clean.

This is the reason—in laundering these shirts our scientific process fills the pores of the fabric, and presses the fibers closely together, imparting fine, smooth, soil-resisting finish.

We leave no soft, spongy surface to attract and hold dust and dirt; no loose threads to roughen and tear.

As a result, each shirt stays clean longer; each shirt gives you more service—you feel better and look better in shirts which we have laundered.

Give this modern shirt-saving and shirt-cleansing method a trial. Telephone and our driver will call for and deliver your bundle.

Sessions Closed By Banquet; 400 present

The meeting of the Occidental district of the Presbyterian Board of Foreign Missions which has been meeting at Pasadena the past three days at the First Presbyterian church of that city came to a fitting close last night with a young people's banquet, for which 450 tickets had been sold. This district includes California, Utah, Arizona and Nevada.

The large crowd of young people was addressed after dinner by several prominent workers of the Presbyterian church, among them Mrs. Rawlins Cadwallader of San Francisco, president of the district; Miss Donaldina Cameron, Rev. Weston Johnson, also of San Francisco, and Miss Zelma Wilcox, representative of the Immanuel Presbyterian church of Los Angeles in China.

Miss Helena Richardson and Miss Esther Black of Glendale were in attendance at the banquet.

Held For Questioning In \$260,000 Theft

CHICAGO, April 23.—Julius J. Reingold, owner of the J. J. Reingold jewelry company, and his brother, Leo, were held by police here today for questioning with the theft of a wallet containing \$260,000 worth of uncut diamonds.

The wallet was taken by two bandits from Leroy Present, salesman for the Philip Present company of Rochester, N. Y., while he was displaying his wares in the Reingold office yesterday.

Sunday Services at the Churches

CHRISTIAN SCIENCE

First Church of Christ, Scientist, corner Maryland and California. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, April 24, "Probation After Death." Sunday school at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 South Brand boulevard, open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

HOLY FAMILY CATHOLIC

East Elk near Adams street. Mass at 7:30 a. m. Sunday school at 8:30 a. m. Mass at 9:30. Everybody welcome. James S. O'Neill, parish priest.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 East Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

NEW THOUGHT CENTER

Masonic Temple, Sunday, April 24. Sermon by Dr. Frank Riley at 11 a. m. Sunday school, 9:45. All are welcome.

FIRST METHODIST

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., pastor. Sunday school at 9:30. Prof. A. W. Tower, superintendent. The school is constantly growing in numbers and in enthusiasm. Carl Seitter is director of religious education. There will be no preaching service in the church Sunday, but the young people of the Epworth and Intermediate leagues will conduct their services as usual and will then go in a body to the tabernacle. The league begins at 6 o'clock sharp and closes at 7 o'clock. This church is fully co-operating in the great tabernacle meeting under Rev. John E. Brown. It is constantly expected that this will prove to be the greatest revival meeting ever held in this section. The members of the various churches are asked to bring their envelope collections with them and put them in the general collection. Proper distribution will be made.

FIRST LUTHERAN

H. C. Funk, pastor. "Jesus Only" will be the subject for the morning sermon by the pastor at 11 o'clock. Services are conducted at the regular

hours for worship on each Lord's day. The Bible school opens at 10 a. m. Owen J. Sherrick, superintendent. Miss Helen B. Esterly, chorister. Luther League half-hour devotion and vesper service with an address by the pastor at 7:30 p. m. Good music. You are most cordially invited to attend our services.

FIRST CONGREGATIONAL

North Central and Wilson. Rev. C. M. Calderwood, pastor. Mrs. C. A. Parker, musical director. Church school, 9:45 a. m. Morning service, 11 o'clock. Sermon, "A Better Future." Anthem, "Still, Still With Thee" (Lansing); trio, "There is a Land Beyond the Setting Sun" (Smeton). Christian Endeavor at 6:30 p. m. The evening service will be omitted for the service in the tabernacle.

CASA VERDUGO METHODIST

Topic for morning sermon, "Standing the Test." No services at the church in the evening during the Brown revival meetings at the tabernacle.

FIRST BAPTIST

Ernest E. Ford, pastor. Sunday school at the usual hour, 9:30 a. m. Roy L. Kent, superintendent. The school will close in plenty of time to attend the tabernacle at 11. No services at the church. Bring your envelopes to the Sunday school, or to either service at the tabernacle. Let us lay aside everything that we can and attend every meeting. The two weeks will soon be passed, and then we will wish, oh, so much, that we had availed ourselves of this wonderful opportunity.

TROPICO PRESBYTERIAN

Corner Central and Laurel streets. Sunday school at 9:45. For all grades, four departments. H. E. Fry, superintendent. At 11 a. m. church services will be held at the tabernacle. Also union meeting of the Christian Endeavor at 6:30 at the tabernacle, and evening service also will be held there. On Thursday the Missionary society will meet at the home of Mrs. Henry Koopke, 1315 South Central avenue, at 2:30 p. m.

CENTRAL CHRISTIAN

Corner Louise and Colorado. Clifford A. Cole, minister. Sunday school at 9:30 and communion and object sermon for the juniors. At 11 o'clock, union meeting in the tabernacle. Christian Endeavor at 6:30, and at 7:30 church services at the tabernacle.

The Mexican government has seized 3,700,000 acres from General Luis Terrazas because of the general's failure to live up to his contract which called for the division of the land into small tracts for the benefit of the peons.

KEEPING VOW GREAT NECESSITY, SAYS REV. J. E. BROWN

EVANGELIST HAS NO USE FOR PERSON WHO GIVES WORD AND THEN BREAKS IT

(Continued from Page 1)
ing. And then from this high note of praise he drops to this minor chord: 'Do thy diligence to come shortly unto me, for Demas hath forsaken me.' At first thought it would seem that the apostle was cold-hearted in thus summarily dismissing Demas.

Consideration of Sins
"But let us consider briefly the sin of Demas. The sin of backsliding; the violation of a sacred oath. Victor Hugo's description of an oath is one of the most thrilling productions I have ever read. The man who joins a fraternity, takes an obligation, and then goes out into the world and tells its secrets deserves the scorn of his fellow members. The man who takes upon himself the sacred ties of marriage and then violates and desecrates them, and flaunts the name of his wife before the public gaze merits the contempt of all pure-minded men and women. The man who enters the service of his country and takes an oath to be loyal and true and then deserts is despised by his fellow citizens. But high above all other vows is the vow that the soul makes with Christ; all sacred, but none so sacred as this. One of the most lamentable things about it is that we treat backsliding so lightly. We joke about it and laugh over it. But no matter how lightly we treat it, it is in Heaven's sight a black and damnable thing. For no other vow is as sacred as the vow which we take pledging ourselves to eternal allegiance to Jesus Christ—a spiritual marriage. The church the bride, and Christ the bridegroom. No wonder that St. James characterizes those that forsake Christ as adulterers and adulteresses.

Be True to Vows
"I can never look lightly upon my vows to Christ. But if by any chance I should, I can then with impunity break any other vow. I am speaking tonight to everyone here—those in front of me on either side the choir—the ministers, everyone. Be true to your solemn vows to Christ. But I fear that right here are those who, like Demas, have had a heavenly vision, have met Christ face to face, and then when tempted desert to the black flag. Have gone back to the world and a thousands times lower than before you took the name of Christ. How true and timely that scripture, 'To him that standeth take heed lest he fall.' Think of Lucifer, that angel of light; Adam and Eve turned out of the Garden of Eden; Cain, the brother of Abel, who offered an acceptable sacrifice; Abimelech, the son of King David; Judas, and lastly Demas; all deserters and breakers of a high and holy covenant. I must hasten. What was the particular sin of Demas. The text reads: 'Having loved this present world.' Some err by reading it: 'This present evil world.' The word 'evil' is not there. The mistake of Demas was the mistake of today. So absorbed by the present; so blinded by the present; so fascinated by the present; so overshadowed by the present that we forget and overlook and fail to consider the future. Yet we say it in all earnestness that it is too largely the mistake of the church. Our plans largely cover the present. You can laugh if you please at the man who has his eyes on the future. Our fathers were excited and stricken with the thought of the sweet by and bye—by visions of the heavenly home. But we largely, like Demas, allow the present to obscure the great beyond.

Heartless Task Master
"Another cause of desertion is money madness. The nation has been money drunk. Very few men can make a big fortune and keep his vision of God clear. Money is the most heartless task master of them all. In this dark valley many deserters ramble with no ray of light—no rainbow of hope.
"Worldly pleasures—many, many desert for worldly pleasures. This is an age of pleasure seekers. Never were men so restless. Never were men so restless. 'Lastly there is the pull of the flesh. No doubt but this was a particular temptation for Demas. For Rome at the time was a hot-bed of vice. Paul was behind prison bars. An angel cannot scarcely mingle in temptation of that kind and not be influenced. In conclusion, no matter how far you have backslid, Christ stands ready to take you back."

Mr. and Mrs. R. Taylor Arrive From New York

Mr. and Mrs. Russell E. Taylor and son and daughter arrived yesterday from New York City. They have taken possession of the large property at 1239 South Glendale avenue which they recently purchased through the Glendale Homes company. Both Mr. and Mrs. Taylor state that they are delighted with Glendale and will certainly be boosters for this beautiful city.

Chaldean Prince To Lecture Before Club

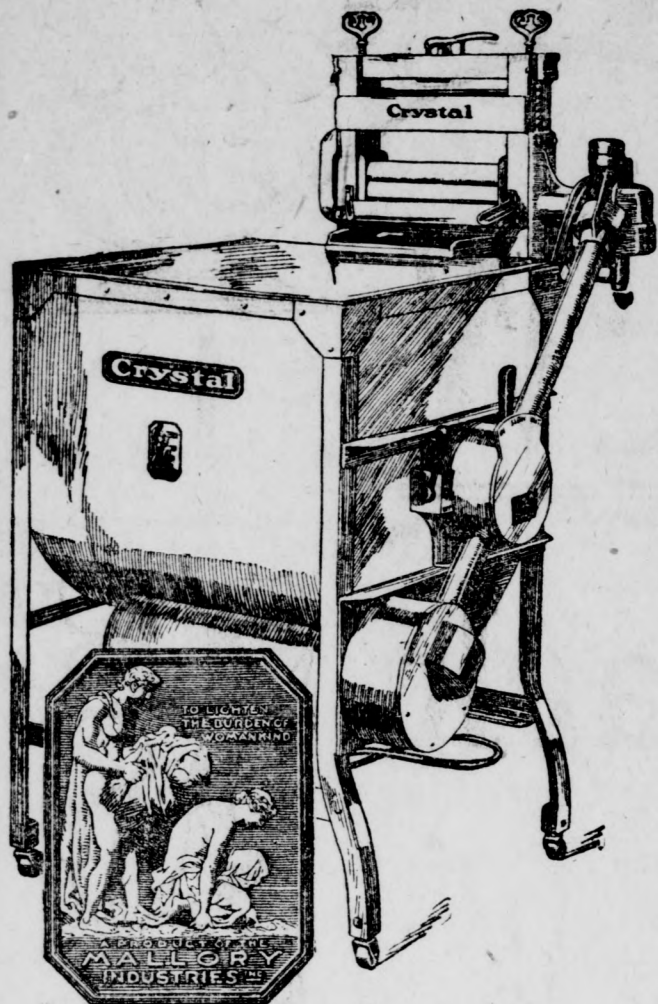

At the next regular meeting of the Tuesday Afternoon club, which will be held next Tuesday, April 26, at the Masonic Temple the program for the afternoon will consist of a lecture on "Chaldea, Its History and Customs" by Prince Raphael Emmanuel, who is a Chaldean prince or skiek and is a direct descendant from those early Chaldeans, from whom Abram started out on his historic journey.

Prince Emmanuel arrived in Canada about five and one-half years ago, coming to the United States shortly afterward. He is a speaker of note, identified with the famous Redpath Bureau, and a man of unusual interest.

Best efforts
The average man wants to come into business contact with those who will at all times serve him with their best efforts. This is our maxim of service

AMERICAN LEGION'S BOXING SHOW IS WELL STAGED

MUSICAL PRELUDE GIVEN BY
BAND AND THEN PLENTY
OF ACTION RESULTS

Just one lone decision resulted from the boxing bouts at the American Legion. Ralph Meyers won over Harry Loomis in three two-minute rounds in which the smaller boy rounced his opponent around in great style. The judges were Reed Heustis, Los Angeles sporting writer, Joe Griffin who also acted as announcer, and Harry E. White. Curly O'Connell, former bantam weight champ, refereed.

With the American Legion band of more than thirty pieces giving a musical prelude to the fights, the crowd was keyed up to high pitch when Cliff Van Osdoll and Young Brewer stepped into the squared ring. Clean, husky young fellows that they were they couldn't keep from laughing at each other through their three two-minute rounds. While Brewer was a little wild and didn't guard his face as well as he might, he made a good showing as an amateur. In the third go both boys hurt their hands in landing heavy haymakers with the result that they quit in the middle of the round.

Mix It in Third Round

Jimmy Hill and Ralph Hutchinson were the next pair to display what they carry around "up their sleeve." Ralph Waldo did a little too much rushing and danced around quite a bit with the result that Hill didn't do much in the first two rounds. In the third, however, both boys went at it with a will and the mauling that they would give and take earned a "draw" decision. In Harry Loomis and Ralph Meyers' match which followed the former had the advantage in reach and weight but Ralph used a left hook to such good advantage that he had Harry looking at the ropes most of the time. He simply walked all over his opponent and spilled Loomis' once. Maybe it was because Ralph's big brother Johnny was seconding him.

Johnny Rand of the U. S. Air Service and Dean (Brick) Bryant put on a two-round exhibition in which both boys whacked the other in great shape. Evidently both love to fight for there wasn't a dull moment in their two smiling rounds. "Brick" rushed a little too much and seemingly lacked the wind that Johnny had, but it was a mighty even match for amateurs.

Big Event on Program

All of which led up to the event of the evening: A wrestling match between William Pfeiffer and Walter Dodge. The latter seemed the more aggressive and certainly worked hard to throw his husky opponent, but "Bill" broke hold after hold and held his own for the fifteen minutes the pair agreed to go. What Pfeiffer lacked in science he made up in strength and he greatly pained Dodge several times in the bone crunching bee.

In order to send the crowd on its way with a smile, Johnny Meyers and Leslie (Doc) Wright put on three short rounds of exhibition boxing that kept the sidelines howling at "Doc's" attempts at serious fighting with Meyers, an old timer at the same game. If "Doc" could have landed as hard on Johnny's chin with his left as hit the floor with his right something might have happened, but it didn't. As it was John acted as a steering committee and kept backing Wright around with gentle little taps on the back, solar plexus and chin.

Next Show on May 27

The next Legion boxing show will be staged on May 27, it was announced by Gordon Clayton, chairman of the program committee who has proved himself to be a live wire matchmaker. More than \$100 in a silver shower last night will more than pay for the ring and mat and gloves and save the fighters' scratches.

Joe Griffin announced that everyone who can sing should be at the Legion clubrooms Tuesday night to form a chorus for the coming minstrel show. The American Legion band, under the directorship of R. D. Crawford, entertained throughout the evening's festivities with popular music.

Elks Will Contest New Method Players

Several members of the Elks' baseball team are out practicing on the high school diamond this afternoon conditioning themselves for their game with the New Methodists tomorrow afternoon. The game will be played at the new Glendale athletic grounds on the corner of San Fernando road and Park avenue, and will be called promptly at 2:30 o'clock.

TEXAS ICONOCLAST

Our guess is that when the bride promises to love, honor and obey she is just as earnest as when she kisses the bridegroom's folks.—Dallas News.

Watching Scoreboard

Yesterday's hero—Long George Kelly. The Giants' first baseman broke up the game with his fourth home run, the Phils losing, 2 to 1. Earl Smith also polled one.

Babe Ruth got his fourth home run, but Hoyt was lambasted all over the lot by the Athletics who won 11 to 4, scoring seven runs in the seventh.

Elmer Smith got his third home run and a triple, winning the game for Cleveland 8 to 7 from the Browns.

Maranville stopped a rally in the eighth when the Reds had the bases filled and the Pirates won their fifth straight game, 6 to 1.

Two passes, a hit batter, Olson's triple and Griffith's double gave Brooklyn two runs in the seventh and a 4 to 2 victory over the Braves.

Girl Missing From Home, Police Informed

Eileen Rallsback, aged 14, of 461 West Windsor road, was reported to the police last night as having been away from home since 2 o'clock Thursday afternoon. Her mother is anxious about her whereabouts and believes that her daughter may have eloped with an employee of a local restaurant, according to the police report.

Police in Southern California cities have been notified and searches instituted to find the girl in either Los Angeles and San Diego. When the attractive little miss left home, her light hair was tied with a blue bow ribbon and she was wearing a white middie blouse with white stockings and black shoes.

It is stated that the employee of the restaurant with whom the girl had been friendly left for San Diego by automobile yesterday. The police here are doing everything in their power to locate the man.

RATIFIES LONG BEACH CHARTER
SACRAMENTO, April 23.—The senate late yesterday ratified the Long Beach managerial charter. The measure was adopted without debate.

Dr. R. E. Chase Is Host To Play Casts

Dr. R. E. Chase of 239 North Orange street entertained the members of the cast who took part in the drama section's presentation of the three one-act plays at the Palace Grand theatre Thursday night, and co-workers and their respective husbands and wives at a party at his home following the performance. Dr. Chase was assisted in entertaining by Mrs. Ray Galvin and Mrs. Fred Abbey.

The guests included Mr. and Mrs. Charles H. Temple, Mr. and Mrs. L. G. Sherman, Mr. and Mrs. Harry Clinton Wilcox, Mr. and Mrs. Roy Kent, Mr. and Mrs. Max Green, Mr. and Mrs. Fred Abbey, Mr. and Mrs. Ray Galvin, Mr. and Mrs. E. A. Bode, Mrs. W. L. Andrews, Mr. and Mrs. J. Roger Bentley, Mr. and Mrs. A. M. Hunt, Mr. and Mrs. J. W. Feinstein, Mr. and Mrs. W. N. Stamps, Mr. and Mrs. W. F. Nash, Robert White, Jr., Mr. and Mrs. A. P. Findley, Mrs. Mabel Franklin Ocker and Dr. and Mrs. R. E. Chase.

Delicious chicken sandwiches were served together with coffee and ice cream and cake.

Invitation To Baptist Memorial Is Accepted

The regular all-day meeting of the Woman's Relief corps and N. P. Banks Post was held yesterday in the G. A. R. hall. A hot dinner was served at noon to the 100 members who attended.

At the business meeting in the afternoon, which was presided over by W. A. Scudder, commander, it was decided that the invitation be accepted to attend the Baptist church Memorial Sunday morning services and go to the tabernacle for the afternoon services.

Robert Taylor was appointed chairman of the committee to arrange for music for memorial day and Rev. C. R. Norton as chairman to look after securing speakers. The services at Grand View cemetery will be at 10 o'clock in the morning and at Forest Lawn cemetery at 3 o'clock in the afternoon.

The encampment which has formerly been at Huntington Beach will be held this summer at Santa Monica. Rev. Mottern gave a splendid talk along patriotic lines which was well received.

BOXING BILL IS DEFEATED

SACRAMENTO, April 23.—Senator Scott's bill providing for state control of boxing was defeated in the senate last night. Final tally gave 19 for and 18 against. As a constitutional amendment, the bill required a two-thirds majority vote to pass.

As will be seen from the above,
the highest individual score for any
one game was made by Joe Fortu-
nato, captain and manager of the
Glendale Elks' bowling team.The efficient scorekeeper for the
evening was Bert Ward. Dr. C. E.
Brain, secretary of the Elks' bowl-
ing league, watched the foul line.After the games had been played
lunch was served in the banquet
room, after which dancing was en-
joyed.**David Butler Picture
At Glendale Theatre**Genuine comedy drama as delin-
eated and transposed to the screen
seldom attains the effect of "Girls
Don't Gamble," which stars David
Butler.This production which will be
seen at the Glendale Theatre today
has been adapted from the Saturday
Evening Post story by George West-
on, which shows conclusive proof
that the producers have gone to the
most wholesome five cents' worth in
the United States for their material.The five reels taking about an
hour to exhibit are replete with the
situations that have emphasized the
relationship and transposition of hu-
man values before the multitudes of
screen consumers in the United
States. It abounds in comedy situa-
tions. It is one laugh chasing an-
other, and for realism much more
could not be coupled in a feature as
entertaining throughout its length.Then there is a late news reel,
Urban Movie Chats and a Univer-
sal comedy, "The Dog Doctor."Tomorrow and Monday David But-
ler will be seen in the feature again
while the latest Pathe News, Topics
of the Day and the sixth episode of
the sensational serial, "The Son of
Tarzan," will be shown.Tomorrow evening at 6:30 o'clock
Madame Clement will play her four-
teenth organ concert here, the fol-
lowing numbers being included:
Hymn, "Jerusalem;" Pilgrims' Chor-
us and March from "Tannhauser;"
"The Glow Worm;" "I Love You,
California," selection from "Fan-
tasia."**Auto And Two Bikes
Stolen, Past 24 Hours**Roger Beauer of 1006 East Sycam-
ore Canyon Road reported to the
police last night that his Ford car
was stolen from in front of a local
theatre. In the tonneau of the ma-
chine a gray blanket, a man's black
overcoat, a lady's rose-colored coat
and a lady's brown coat.Mr. Beauer seeks the return of the
clothing which was highly valued,
feeling sure that while the car will
be returned through the efforts of
the police he cannot be recompensed
for any of the valuable coats which
were lost. A racing model bicycle
also was reported stolen from the
parking space in front of the same
theatre.Julius Moling, who resides in
Apartment 1 of the First National
bank building, reported that his bi-
cycle was stolen last night. Mrs.
Sarah Tupper of 1003 E. California
avenue called the police last night,
stating that a burglar was in the
house. Officers investigated but
gained no clues as to whom the ma-
ruder might be.**FREIGHT RATES PROTESTED**SACRAMENTO, April 23.—A resolu-
tion protesting against the exces-
sive freight rates between California
and the east was unanimously passed
by the assembly.

OFFERS

¶You value which you cannot get elsewhere for a similar expendi-
ture in the way of a burial plot. Twelve-grave plots from \$225 up.
There are positively no watery graves here where flowers bloom and
birds sing in the evergreen city of peace.

¶We do not want you to forget that the people of Glendale have a
cemetery of their own—YOUR OWN. Absolutely every inch of
ground is in perpetual care. A visit by you to these grounds will prove
the amount of work that has been done and the magnificent develop-
ment that is now under way.

Its Beautiful Location¶Away from the noise and traffic, Grand View
Memorial Park is located at Sixth street and Grand
View avenue in Northwest Glendale's rapidly de-
veloping section of country estates.¶The trunk line of Glendale's municipal water sys-
tem has its right of way through the property owned
by Grand View Memorial Park, enabling this ceme-
tery to get any amount of water necessary for future
development.**Amid Everlasting Hills**¶Trees that could not be developed in short of
twenty years are in this beautiful Grand View
Memorial Park which lies on the slope of Mount
Verdugo, overlooking the San Fernando Valley.
Surrounded by Cypress hedge the grass-carpeted
lawns provide an ideal resting place for the departed
loved ones.¶Here you will find every service and consideration
which should merit your investigation in lieu of
those trying times when such facilities as we offer
are so necessary. Our auto is at your service with-
out charge when you wish to visit the grounds.**Grand View Memorial Park**

Glendale Evening News, Saturday, April 23, 1921

STEPHEN C. PACKER BUYS INTEREST OF HARRY E. WHITE

SECURES SOLE OWNERSHIP OF
VALLEY AGENCY IN BEHALF
OF STUDEBAKER CAR

Stephen C. Packer announces that he yesterday purchased the interests of his partner, Harry E. White, in the Packer & White Auto company at 245 South Brand boulevard and will continue as San Fernando valley representative of the Studebaker pleasure cars exclusively.

In the consummation of this deal a partnership of four years' standing is dissolved, during which time one of the most enviable motor sales businesses has been built. Studebaker sales are rapidly reaching the front rank in motordom and in the state of California they are now standing next to the Ford in number of new orders this year.

It is impossible today, according to Mr. Packer, to supply the demand in all models and every dealer is short on his orders. Sales locally are going far beyond those of last year and the outlook here is very promising.

Son To Be Associated

In speaking of his purchase of all the interest in the Packer & White Auto company, Mr. Packer states that his son, Donald H. Packer, who has been in the efficiency department of the Celite Products corporation with quarries and plant at Lompoc for the past two years, will arrive in Glendale the first of the week to be associated in the future conduct of the Studebaker agency.

The younger Mr. Packer is well known locally, having been a graduate of Glendale Union High school in the class of 1914, after which he went to Berkeley where he graduated from the University of California. Early in the war he enlisted as a private in the United States army and returned from France two years later as a lieutenant. Then it was that he became associated with Celite concern which is officered by several former Glendale residents.

In Same Class at School

Mrs. Donald Packer also will be remembered here as Miss Fern Cook who was in the same class as her husband at Glendale High. They consider it, indeed, pleasant to be able to return to this city in order that the son may aid "dad" in the conduct of one of the largest business enterprises of which Glendale boasts.

Buick Cars Bought By Local Residents

New cars were delivered during the week by Tanner & Hall, Buick agents, to Mrs. O. G. Kelly of Randolph street; A. E. Eckelbarger, 336 East Dryden and L. Mintner of 1136 East Wilson avenue.

AUTOMATIC AUTO LIGHT

An automatic switch has been designed that turns on an automobile light at a designated time, irrespective of the presence of the owner of the car.

License fees charged in various states in the union for five-ton motor trucks range from \$2 to \$150. The average of all states is \$55.

Official Figures Show Great Growth Of Auto Industry; Cars Proved To Be Real Necessity

Official figures compiled by the American Automobile association indicate that there were 9,180,316 passenger and commercial motor vehicles registered in the United States during 1920, of which approximately 8,234,490 were for passenger use and about 945,826 were commercial.

In two states, namely California and New York, the figures given cover only the first eleven months of the registration year ending February 28, 1921. The total registrations for the year will therefore exceed 9,300,000 cars and receipts will probably reach \$100,000,000.

It thus appears that there is now one motor vehicle for about every eleven persons, and that receipts from registrations and licenses amount to more than one-fifth of the total annual expenditure for all roads and bridges in the United States. The gain in registrations over 1919 amounts to 2,114,870, which is the greatest increase ever recorded in a single year. This expansion is considered remarkable in view of the adverse business conditions during the latter part of the year.

Receipts from registrations and licenses showed a gain of \$34,443,842, or 53 per cent over 1919, the greatest increase ever recorded in a single year.

The registrations include in a few cases, notably in Maryland and the District of Columbia, duplicate registrations, but these do not materially affect the grand total.

The race for supremacy between New York and Ohio in the number of motor vehicles is again in New York's favor. The mid-year registrations last summer showed Ohio leading, but during eleven months of the registration year New York scored 683,919 motor vehicles and Ohio ran second with 620,600 for the entire year. Pennsylvania occupies third place with 570,164 cars; Illinois, fourth, 568,914; California, fifth, 568,892; Iowa, sixth, 437,030; Texas, seventh, 427,693; Michigan, eighth, 412,717.

As California figures are for eleven months, the chances are that the total for the year will equal or exceed that for Illinois and possibly Pennsylvania.

In receipts from registrations, New York state leads with \$8,817,709. Pennsylvania comes second with \$8,090,873; Iowa, third, \$7,487,030; Ohio, fourth, \$6,400,000; Illinois, fifth, \$5,780,612; California, sixth, \$5,554,265; Michigan, seventh, \$5,494,486.

Trying To Beat Train Cause Of Many Deaths

Trying to beat a train to a railroad crossing has brought so much grief to southern California motorists in the last three and one-half years that the Automobile Club today issues a warning which may well be taken to heart.

Up until the first of this year, 1909 automobiles were damaged or destroyed at the grade crossings of one railroad alone. In these autos 151 people were killed and 638 were injured.

Officials of the Automobile Club of Southern California point out that 490 or more than 25 per cent of the grade crossing accidents recorded were caused by motorists running into the train. In 122 instances autos plunged through the crossing-gates lowered to protect vehicles while the train was passing. One crossing flagman was killed and eight were injured by automobiles, while endeavoring to warn riders of approaching trains.

Following is a summary of the entire 1909 accidents, indicating the cause and manner of their occurrence as given to the Automobile Club by Southern Pacific officials:

Cause	No. Killed	Inj'd
Ran in front of train	970	136
Ran into train	490	9
Stalled on track	229	4
Ran into crossing gates	122	13
Ran into signs, signals, etc.	43	1
Ran into crossing flagman	12	1
Skidded into train	43	12

It is important, says the Automobile Club, that motorists should remember that the noise of their engine, no matter how slight, is often sufficient to drown the noise of an approaching train and they should therefore, in all instances, look in both directions before attempting to cross a railroad track, and where vision is obstructed they should stop and listen as well as look.

New Emblems Given For Commercial Cars

New emblems have been received and are being distributed by the commercial car department of the Automobile Club of Southern California.

These emblems are to be carried by all owners of commercial vehicles who are enrolled in the club lists for better legislation, better roads and general improvement of conditions affecting the motoring public.

According to club secretary, S. L. Mitchell, the new department is meeting with unprecedented success. Hundreds of truck owners and operators of motor stages have taken advantage of the club's establishment of a department to care for their own wishes and needs.

This department has recently been placed in charge of George A. Slaughter to be aided by all county managers. The department was established at the request of commercial vehicle organizations, it is pointed out, and the Board of Directors sanctioned the move so that all motoring interests in southern California could be looked after by the same group of men and officers as embodied in the Automobile Club.

It will act to promote the interests of all commercial vehicles both at Sacramento and in the southern part of the state, in a general way, but it will not encourage the commercial supremacy of any one concern over another—Fairness to all is to be its watchword.

Motor Trip Enjoyed By Glendale People

Frank L. Fox, of the Fox-Woodsum Lumber company, and wife and W. A. Tanner, of Tanner & Hall of the Buick agency, and wife motored to Ojai, via Fillmore, Sunday for lunch. The return trip was made by way of Ventura.

DANGERS OF DEATH VALLEY BANISHED BY AUTO SIGNS

DESERT TO BE MADE FOOL
PROOF; MOTORISTS WILL
VISIT IN SAFETY

Motorists who have never considered Death Valley as anything other than a hot place where borax comes from will get a shock when they learn that it will soon be a playground for automobile owners.

Officials of the Automobile Club of Southern California today announced that 1200 sign posts will be erected within three weeks for the purpose of making Death Valley and the surrounding desert fool proof, so that no motorists will get lost thereabouts.

This alleged Valley of Death will lose its terrors for the traveler when these auto club signs are in place. It is the most gigantic sign-posting project ever attempted in this country, with the exception of marking the trans-continental highways.

Contrary to popular opinion, death valley is a scenic spot of great beauty this time of year. According to "Doug" Rhodes, who is in charge of the charting work in the valley, this tour during the spring months equals in some respects a visit to Yellowstone National park. It is highly probable that thousands of motoring parties will eventually come to visit Death Valley when they learn that the erection of the new metal guide posts precludes any possibility of their losing their way.

Summer Months No Time
Of course, points out the club, it will be impossible to make a pleasure jaunt of a visit to the valley in June, July, August or September, but in the spring the roads are not only in good condition, but the climate is mild and pleasant with the exception of very cold nights.
This wonder valley which has been

maligned largely on account of wild tales brought out by disappointed prospectors or automobile salesmen who wish to advertise the superlative qualities of their cars at the expense of poor old Death Valley. It is really not as bad as it has been painted. However, before motorists make a visit into this below-sea-level valley they are advised to get detailed information from the nearest automobile club touring bureau, but after April 15, they may be assured that all roads and water holes will be adequately marked in a permanent manner.

TRANSMISSION CASE NOISE
A humming noise in the transmission case is very likely due to an excess of heavy grease. The case should never be more than two-thirds full, and oil is the proper lubricant, not grease. It is axiomatic that a noise in the gearbox means faulty lubrication somewhere.

Thirty-nine per cent of the visitors to the American National parks journey by railroad coach, while 60 per cent travel to and through the parks in their automobiles, and one per cent go into the parks by horseback or afoot.

It is an actual fact, according to official testimony, that serious accidents have occurred in southern California counties because motorists have really failed to stop, look and listen—particularly look.

Many American motorists are now shipping their cars abroad for continental touring through England, France, Belgium, Holland, Italy and Switzerland.

In England, to secure greater safety on the highways, patrols are stationed at dangerous crossings to warn motorists, and at bad stretches of road.

There were forty-seven highways of national importance under construction throughout the United States last year.

Roping steers from automobiles is now applied on ranches at Marfa, Texas. The car has taken the place of the spirited broncho.

Auto Camping Ground Rules Are Outlined

Universal satisfaction has been expressed throughout southern California in the results of the camp ground meeting held in Long Beach on which various municipalities are now working.

During the next seven days city councils throughout the southern part of the state will give particular attention to the adoption of rules governing the conduct of auto camp grounds in the southern part of the state, according to officials of the Automobile Club of Southern California.

This is the first time in motoring history that co-operation has been secured in any state for the purpose of safely, sanely and sanitarily conducting public, semi-permanent parking spaces for motoring tourists.

The outcome of this immense co-operative movement will be watched keenly by other cities which are now having trouble in correctly governing their camp sites.

Outstanding features of the new rules adopted at the Long Beach meeting are those in regard to the following:

Motorists will be allowed to spend only two weeks in any one camp except upon local renewal privilege.

Telephone service, gas for cooking, electricity for lighting, public comfort stations, water, showers or bath will be some of the facilities universally provided in these municipal out-door camps.

According to officials of the Automobile Club it is the desire of the various Park commissions to conduct these camp places in such a way that they will not develop as rivals of the local hotels, that is, the camps will not be made so elegant that they will compete seriously with any hotel in which they are situated.

It is important to note that no repair work will be allowed on cars while in the camp and no traveling salesman will be allowed to make his headquarters there.

In all instances the camp grounds will be beautified by the planting of trees and flowers and they will be open all hours of the day and night. Fees to be charged will be based

upon the amount invested to provide facilities. Each camp ground will be in charge of a custodian.

NEW GASOLINE FUNNEL
Its inventor has demonstrated that a funnel with a circular air chamber at the top and four internal ribs to break up the swirling of the fluid will pass gasoline four times as fast as an ordinary funnel.

Nearly all cities, large and small in South Africa are installing motor fire-fighting apparatus as part of their equipment.

There are now forty-four different makes of automobiles in Mexico, as compared with twenty in 1919.

THE starting and lighting system of your car is probably equipped right now with an "Exide" Battery—most Ford cars are.

But no matter what the battery, our service can give it just the attention it needs.

Batteries regularly tested and watered will do the best work and live the longest. We furnish this service entirely free of charge for any make of battery. Get in the habit of using it right now.

Co-operative Market For Grain Planned

CHICAGO—Plans for co-operative marketing of grain were worked out by representatives of leading farmers' organizations of the nation here. Henry C. Wallace, secretary of agriculture, conferred with the farmers on the marketing plans and assured them of government assistance in selling their grain. Wallace declared that there was just as much reason why the government should assist the farmer in developing methods for marketing his crops efficiently as there is for aiding him in increasing production.

"Farmers must give attention to the business end of their business if the nation is to maintain its agriculture on a sound economic basis," Wallace declared.

The co-operative marketing plan was worked out by a "committee of seventeen" appointed last July. The meeting was held to ratify their proposals. C. H. Gustafson, chairman of the committee of seventeen, in presenting the report, declared the plan will not interfere with existing farm organizations.

"It is purely a co-operative plan,

offered in competition with the existing unsatisfactory methods," he said.

Discussing the proposal for marketing of grain through co-operative organizations, James R. Howard, president of the American farm bureau federation, declared it marked "sun up for American agriculture."

"It is co-operation and not corporation marketing," Howard declared.

Secretary Wallace, in addressing the conference, declared there was no question but that farmers were entitled to organize for co-operative marketing.

Wallace described the co-operative marketing plan as one which "will enable us to get our grain from the producer to the consumer more cheaply, in better condition and with less waste."

In the past the American farmer has been a wonderful producer but a "very poor salesman," Wallace said.

"At this particular time prices of practically all farm products are not only far below actual cost of production but relatively below prices of other basic commodities," he declared. "Prices of many of the larger farm crops are below the pre-war normal. At the same time, basic commodities which enter into prac-

tically everything the farmers buy are from 50 to 100 per cent above pre-war normals."

Rebate Is Permitted By German Exporters

WASHINGTON—Agreement with a German syndicate whereby certain American potash importers will obtain a rebate in potash equal to 45 per cent of their purchases was announced by the department of commerce. The agreement, department officials explained, means the delivery of more than \$2,000,000 worth of additional potash to those American importers who bought German potash during the season ended March 31. These American importers effected the agreement with the Kali syndicate through the state department and will be entitled to the rebate on condition that they take 80 per cent of their requirements for the next five years from the German syndicate.

Storage charges, insurance and freight will be borne by the syndicate, the department explained, and deliveries will be made from stocks in the United States.

CUSHIONS FOR FORD TURNED FORTH IN LARGE NUMBER

QUANTITY PRODUCTION TAKES
PLACE AT L. A. BRANCH
LIKE DETROIT PLANT

At the Los Angeles branch of the Ford Motor company, many of the processes which assist in the quality production in the main factory at Detroit, are used. Among these may be mentioned the method of building cushions.

Cushion material is laid layer on layer on long tables until 40 to 120 thicknesses are piled, depending on the material. Steel patterns, according to a pre-arranged plan, which reduces waste to a minimum, are placed on the goods and outlined. Then the electric cutting machine cuts the pile as though it were only one piece of cloth.

Next, the pieces are sewed on high speed machines ranging from 2500 to 2000 stitches a minute. Each operator sews only his particular seams and passes his piece to another operator and thus continues until the entire seat cushion or seat back has been sewed.

All Performed Enroute
It then passes to the conveyor line, which moves at the rate of twelve feet per minute. At the beginning of the line, the seat covering is placed face down on the conveyor. Padding, covering, cording and buttoning are all performed enroute.

The cushion spring, which has been assembled on a similar type conveyor, meets the cushion pad and they are assembled into the completed cushions in less than two minutes.

B. L. Graves, Southern California branch manager of the Ford Motor company, says:

"The above is one of the many processes contributing to a production of 4000 cars per day, which make it possible for the Ford Motor company to sell Ford products at a price to fit every pocket."

Tire Made Of Rubber? No, Mostly Of Canvas

Most people assume that a motor tire is made of rubber, but actually it is a strong canvas tube made airtight by rubber.

The growing number of automobiles has had an interesting effect upon cotton. Even a small automobile tire requires nearly three pounds of cotton for its fabric. A large tire takes five to six pounds. A pneumatic tire for trucks requires fourteen pounds. The number of passenger automobiles in the United States is approaching 10,000,000, and the number of motor trucks 750,000.

On a basis of one set of tires annually to each car, that is 43,000,000 tires and a cotton consumption of 400,000 bales. It is estimated that from one-tenth to one-fifth of the production of long-staple, high-grade cotton is now used for automobile tires.

In the main, the cream of the crop is consumed in this industry, and if people grumble about the price of cotton stockings and dress goods, here is the answer—the growing demand of the gasoline horse for shoes and stockings.

REPLACES GEARS

When work is being done on the transmission it is sometimes difficult to know whether the gears are in neutral when reassembling. It should be remembered that there are only two sliding gears on the main shaft of the transmission. One of these is high and intermediate and the other for low and reverse. All other gears on the main and counter shafts are fixed. Move the sliding gears into such a position that they are not in mesh with any of the fixed gears and then when the cover with the shifter forks are slid over the rings on the sliding gears the gear-set will be in neutral.

KEEP FOLDING TOP NEAT

Too few owners are particular enough in folding the top when putting it down. The folds of materials get between the top bows and often are destroyed. With some tops it is essential that all folds be kept from between the bows. This not only lengthens the life of the top, but keeps it in better condition.

SOLDER IN GAS TANK

If you should have fuel trouble which you cannot locate, remove the gasoline tank and shake it. In four out of five cars fitted with cheap tanks there always are a few pieces of solder—the inside of the tank. These pieces work their way to the

The production of motor vehicles in the United States has been gaining steadily for the past 20 years, with the exception of 1918. Manufacturers of passenger cars, during that period, voluntarily curtailed their output, in order to make airplanes, parts and other instruments of war.

Some of the latest types of American-made passenger automobiles have as many as 14 electric lights as a part of their equipment.

place over the feed line and prevent the proper flow of fuel. There is only one way of getting the pieces out and that is to shake them out.

The Dodge

The Medium-Priced Car With the High Class Action

Every one of the one million Dodge Brothers cars on the road is an advertisement for the car. Every one of the million owners of a Dodge Brothers car is a medium through which the car is advertised.

Dodge Brothers' policy has always been to give full value for the price asked and this is one of the features that has contributed to the marvelous popularity of the Dodge Brothers car.

Quality in combination with a low price--that is DODGE BROTHERS MOTOR CAR

BUICK PRODUCTION CONTINUES UPON HIGHEST PLANE

BEST OF MATERIAL PUT INTO
CARS, INFORMATION SENT
TO TANNER & HALL

Production of Buick cars is contin-
uing along the same high standards,
according to information received by
Tanner & Hall, local agents, at 237
South Brand boulevard. Every piece
of material going into a car today is
of just as high quality as the material
used earlier in the season. Just
as careful attention as ever is being
given to each manufacturing process.

"These things, combined with the
fact that the factory is obtaining its
raw material from reliable sources
according to the highest principles
of trade, mean that there has been
practically no change in the costs of
production during the past six
months," according to W. A. Tan-
ner.

"The factory is still maintaining
the contracts we made for the deliv-
ery of raw material, which we know
to be of the quality specified last fall.
Buick has broken no contracts in or-
der to take the chance of buying
cheaper material at lower prices.

Prices to Remain Unchanged
"When a Buick dealer says that
prices for the present Buick models
are certain to remain unchanged, he
is perfectly sincere in his belief.
He is acquainted with the facts. And
whenever it is necessary to talk
price, he can also be sincere in say-
ing that Buick prices still stand for
unusual values in comfortable, eco-
nomical, uninterrupted transporta-
tion.

"Buick prices were right at the
start. And the prices are right in
every respect today. There is no
hesitancy on the part of the wise mo-
torist in this regard.
"In conclusion, we want to sug-
gest again that if you hope to enjoy
the advantages of a new Buick own-
ership this spring and have not al-
ready placed your order that you do
so at the earliest possible moment,
for reports coming in from all parts
of the country indicate that Buick
cars are rapidly passing into the
hands of owners who from past ex-
perience know motor car values."

Steamer Yale Again In Passenger Travel

Carrying nearly 500 passengers,
the beautiful steamer Yale of the
Los Angeles Steamship company's
line will sail from Los Angeles har-
bor, Monday, May 2, at 3 o'clock for
San Francisco on her first voyage
since return from the war, proudly
wearing two gold chevrons on her
smokestacks, emblems of the valor-
ous service she performed for Uncle
Sam during the great conflict.

In about two weeks, the Harvard,
sister ship of the Yale, which shared
all her perils and honors during the
war, will leave Los Angeles on her
first trip to San Francisco. These
two super-express passenger steam-
ships are the fastest and finest in
the Pacific coast traffic. They have
recently been remodeled and reout-
fitted at tremendous cost, and are to-
day the most palatial boats that ever
engaged in the passenger-carrying
service on this coast.

The Yale will arrive in San Fran-
cisco on her maiden voyage at 9
o'clock May 3 and will start back for
Los Angeles at 4 p. m., arriving in
the latter city at 10 the following
morning. Thereafter the sailings
for the Yale will be as follows: From
Los Angeles, Mondays and Thursdays
at 3 p. m.; from San Francisco,
Tuesdays and Fridays at 4 p. m. An
eighteen-hour schedule will be main-
tained by both vessels on every run.

Boys Shoot Pins In Girls' Ankles, Charge

HUNTINGTON, W. Va. — Those
who have enlisted in the campaign
against abbreviated skirts and other
garments worn by high school girls
have received unexpected encourage-
ment from an unsuspected source.
The boys of the high school are
lending their aid, according to com-
plaints lodged with instructors by a
number of high school girls. They
say the unruly lads have made it im-
possible for them to discard their
winter woolen stockings and don
softer and thinner materials, or silk
stockings, because of a practice of
shooting pins at their ankles with
miniature sling shots.

This indoor sport has spread out-
rageously, one fair co-ed complained,
who declared that she and several
of her chums have had their ankles
marked and swollen from wounds by
the pins.

Motor propelled vehicles in use
throughout the United States repre-
sent an annual consumption of nearly
130,000,000 barrels of gasoline and
7,450,000 barrels of motor oil.

In greater London, with 8,000,000
population, there are 151,987 regis-
tered motor cars; in New York state,
with 10,384,829 population, there are
559,521 passenger cars.

THE UNIVERSAL CAR

"The Ford Touring Car"

SURELY the most universal of all cars. Serving, satisfying and money-making, day after day,
year after year, everywhere throughout the world of civilization. It stands in a class by itself
—the one universal car. A source of pleasure and a bearer of burdens, on the farm and in the
city. Anywhere, and everywhere, the Ford Touring car stands supreme in its service-giving, satisfy-
ing, money-making qualities.

That reliable, satisfactory, economical, dependable "Ford After-Service" which is making the Ford
dealer and the Ford car twin factors for prosperity, is, as you know, universal in its possibilities, be-
cause wherever you go the Ford dealer is prepared to take care of your wants and nowhere are they
better prepared than right in our shops. We have everything in the way of labor-saving, time-saving
machinery, Ford-taught and skilled workmen, and the genuine Ford-made parts. We want you to re-
member this because it means that your car need never be idle.

We can now give you reasonably prompt deliveries and it is only fair to us that you should leave
your orders with as little delay as possible; if you want us to be prompt in making delivery you will be
prompt in placing your order.

Insist on genuine FORD PARTS

Counterfeiters Are Busy; Watch Currency

NEW YORK—Be on your guard
against counterfeit bills.
So unusually large is the number
of bogus and raised bank notes dis-
covered in circulation recently that
the Manufacturers' Trust company
here have just issued a warning bul-
letin.

Tips on how to detect fake money
are given. Most fraudulent currency,
says the bulletin, are raised notes—
usually federal reserve notes. Ones
are raised to tens, twos to twenties,
and fives to tens and twenties. Tel-
lers and cashiers should all know
what portrait to expect on the va-
rious denominations. If you don't
know, better familiarize yourself with
the faces on legal tender.

In most cases alterations are con-
fined simply to changing numerals in
the corner of the bills. Sometimes
changes have been made in the print-
ed amounts, usually by mutilation.
Beware of mutilated bills.

Bill raisers seldom take the
trouble to change the portrait of a
bill. For instance one dollar Federal
reserve bills may be raised to tens
and tens to one hundreds, but the
raised "ones" continue to bear the
portrait of George Washington, al-
though the proper portrait which
should appear on the \$10 is Andrew
Jackson.

Similarly on the \$10 bill raised to
\$100 the portrait of Andrew Jackson
remains, although the proper por-
trait is that of Benjamin Franklin.

Raised notes in the hands of inno-
cent persons are redeemed by the
government at the original value. If
you accept a \$1 bill for tender, you
can collect the \$1 from Uncle Sam
by turning the bill into your bank for
redemption.

Under recent ruling, it is regarded
as counterfeiting to undertake to pass
any state bank note of defunct issues,
or any issues of defunct banks.

Marine Artist Dies Alone In His Home

BOSTON—Alone in the big fifteen-
room house, where he had lived for
fifty years, at 29 East Springfield
street, Marshall Johnson, one of Bos-
ton's most noted marine painters, re-
membered for his contributions to fa-
mous art exhibitions in past years,
died unattended. His identity was
not known to the police who received
a report of the case.

Johnson was born in Boston seven-
ty-five years ago, and maintained a
studio at 15 India street. His paint-
ings were exhibited at the Pan-Amer-
ican exposition held at Buffalo and
the world's fair at Chicago. One of
his most widely known works is
"Homeward Bound," now in the pos-
session of C. D. Black, a member of
the Boston Art club.

STEERS WITH HANDLEBARS

A light automobile becoming popu-
lar in Paris is steered and control-
led with a pair of handlebars as is a
motorcycle.

The first practical American elec-
tric automobile was built by Fred
Kimball, of Boston, in 1888.

The average price of gasoline in
France at present represents about
\$1 a gallon, and in England it aver-
ages about 75 cents.

An oil-burning Diesel type of en-
gine has been invented for automo-
bile use, that is said to run on butter,
lard, or even powdered coal.

Because private bids for highway
construction were too high, the state
of Illinois has decided, as an experi-
ment to go into the road building
business.

Road improvements in the United
States in 1921 will cost close to
\$600,000,000.

CHEAPER INSURANCE OVER HALF MILLION IN THIS SECTION, CLUB CLAIMS 4-90 CARS SOLD IN SIX YEARS

NO 'PENALTY CITIES' TO BE IN SOUTH, IS DECLARED; POINTS TO SAVING CHEVROLET MOTOR CO. PLAN TO MAKE CASH REFUND IS PROVING POPULAR

By M. B. TOWMAN
Manager Glendale Branch, Auto Club

There will be no "penalty cities" for automobile owners in southern California so far as insurance rates are concerned unless existing conditions change.

"Penalty cities" are cities which are charged larger automobile insurance rates than the average applying because automobiles operated in such cities represent an excessive insurance hazard.

It will be cheaper to insure your car in this section of America than in any other part of the country because of the insurance ruling now in effect. If you are the owner of a certain medium priced car, for instance, which is being operated in southern California, you can carry all lines of insurance for \$111, while if you owned the same car in New York, it would cost you \$412. All this advantage to local motorists can be traced to the inter-insurance exchange of the Automobile Club of Southern California which, through its successful operation, has forced insurance rates down to the level which makes it easy for all automobile owners to secure the necessary protection, and in this manner has forced the old line stock companies to follow its example.

Big Saving Claimed

According to figures made public for the first time, the club has saved motorists approximately \$3,169,000 since 1912 on insurance alone. Of this amount more than half was a saving effected by automobile owners who are not members of the club, but have profited by the low rates made possible through the club's successful insurance enterprise—the inter-insurance exchange.

Ralph Reynolds, manager of the club's insurance department, points out the fact that nearly every other city of any size in the United States has been classified as a "penalty city" by the stock companies and higher rates are charged to motorists in these cities than in the country districts surrounding them, because more cars are stolen and the worse collisions occur in those cities. Furthermore, these "penalty" premiums are entirely justifiable and would be justifiable probably in southern California were it not for the club's successful insurance operation at comparatively low costs to the individual motorist.

TWO PASSENGER AVERAGE

Conservative estimates show that the number of miles per passenger covered by automobiles in this country exceeds by 60 per cent the number traveled by the railroads, and at an average of only two passengers per mile, automobiles carry four times the number transported by the railroads.

The Chevrolet Motor company's plan to make cash refunds to the purchasers of 50,000 model "Four-Ninety" cars brings to light the fact that more than half a million of these famous models have been sold.

This number covers a period of six years' production. In other words, an average of 83,000 "Four-Nineties" a year have been sold since the model was first introduced in the 1915 season.

"This average is one of the records of the automotive industry," said O. W. Tarr of Tarr & Fish, Glendale agents for the Chevrolet. "It is a record of continuous growth and steady increase in popularity."

"The 83,000 average is only half the story. For, in the first season less than 200 "Four-Nineties" were sold.

"A year's test proved the merit of this popular priced, economical car, however. The second season won nearly 40,000 converts to this Chevrolet model.

Totals Over Half Million

"Since its immediate success the sale of these cars has increased consistently. The 1920 purchasers took nearly 200,000 "Four-Ninety" cars.

"This brings the total to more than half a million. And this record has been made by only one model. In this it is unique.

"Many of the first cars of this model are still running. In fact, it recently became known that one of these has traveled more than 160,000 miles—27,000 miles a year for six years and is still running.

"The sale of 50,000 more of these models between January 1 and August 1 of this year will enable the Chevrolet Motor company to maintain its average quality production.

"And if this is done in such a selling year as this, the company will refund its profits to purchasers—\$70 on open and \$100 on closed models."

One Man Satisfied With Plate's Color

While many of the auto enthusiasts of California have seen fit to poke fun at the color of the 1921 license plates, at least there is one man in the state with sufficient artistic temperament to appreciate the color scheme. He is a Los Angeles artist.

In a letter to Charles J. Chenu, superintendent of the motor vehicle department, the artist praises the department for having selected the poppy color of the plates.

He waxes wrathily at the critics who deride the yellow. "Yellow color is a carrier of warmth, light and heat," the artist wrote. "It attracts tourists from the Atlantic, from the far north, from Hudson Bay and Alaska and Europe."

"Southern California is abundant with golden yellow oranges, lemons, grape fruit, poppy fields, the clouds in sunset time, sunsets most beautiful in winter when zero weather in the north drives many away and brings to southern California thousands of tourists."

He concludes with the following: "The yellow license is a great help to the policeman and surely discouraging to the automobile thieves, hold-up gangsters and joy riders. The license plate for 1921 is beautiful."

More Than 100 Autos Insured By C. L. Booth

More than 100 automobiles have been insured through the agency of Clinton L. Booth at 145 South Brand boulevard since the first of April, a record-breaking amount of business along this line. The actual number of individual cars covered total 111 while the persons concerned total more than the hundred.

Mr. Booth states that undoubtedly this April business which he has written exceeds anything ever accomplished before in a whole year's time here. Practically everyone is now insuring for the full "coverage," which Mr. Booth explains—and it covers nearly everything except the oil and gas.

The great increase in his insurance business is attributed to the attractive suburban rates offered by insurance companies for the full coverage in case of theft, fire, earthquake, personal loss, loss of life, etc.

In Chicago, careless motorists who park their cars over 30 minutes, in violation of the city ordinance, find them chained and locked to one of the electroliners along the boulevard. An officer leaves a card, which informs the owner that he will be glad to release the car—after the owner has arranged to appear in court the next morning.

Approximately 4,018,000,000 gallons of gasoline were consumed by motor vehicles in the United States last year, or an average of 452.1 gallons per car.

Toledo, Ohio, has a union depot for motor trucks.

—Straight Ahead

"This is Another Studebaker Year"

In a demonstration of stamina and stability (not speed) the Studebaker Light Six has recently broken the following records, establishing clearly its mastery of any and all road conditions:

FIRST OVER THE OPEN ROAD INTO YOSEMITE IN 1921.

COAST RECORD LOS ANGELES-SAN FRANCISCO 10 HOURS 15 MINUTES.

VALLEY RECORD LOS ANGELES-SAN FRANCISCO 9 HOURS 15 MINUTES

ROUND-TRIP RECORD SAN FRANCISCO-LOS ANGELES AND RETURN 21 HOURS 28 MINUTES.

LOS ANGELES-PHOENIX 13 HOURS 16 MINUTES.

These records and this demonstration are but simple endorsements and proof of Studebaker owners' testimonials as to the performance of their automobiles.

All roads are always open to Studebaker owners.

CAN PUT AUTO IN TRUNK

Among the novel automobiles manufactured in this country is a folding car weighing less than 200 pounds. It is of knockdown construction, so that it can be fitted into a large trunk. The machine will run from seventy-five to eighty miles on a gallon of gasoline.

A motorcycle, weighing seventy-four pounds and capable of making a speed of thirty miles an hour, is now in production in Germany. The tiny speedster costs about \$80.

Ilesboro has the distinction of being the only town in Maine where a motor vehicle is not allowed.

BE ONE OF

50,000 Chevrolet Owners

To get a refund of \$70 to \$100 on the price of your car.

Fifty thousand cars is the record set by the Chevrolet factory for the period January 1 to July 1. They declare that this number of cars manufactured is the minimum which will secure substantial savings in cost of manufacture and these savings, if this goal is reached, will be passed on to the purchasers of these 50,000 cars.

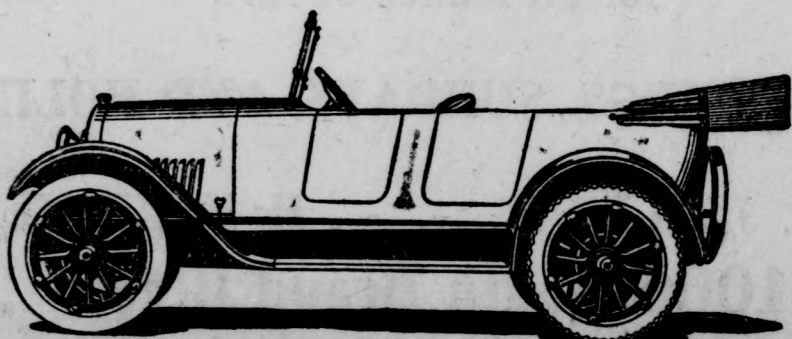

Production Results Will Be Announced August 10 and Rebate Certificates Will Be Payable up to September 15.
